

PRODUCT DATA SHEET

Moly & Graphite CHAIN & CABLE Lube

Industrial Grade
Stock No. B-00019

BTS Industrial Grade Chain & Cable Lube is fortified with moly & graphite to provide maximum lubrication and protection. It protects equipment against dust, dirt and water migration that often increase friction and lead to failures. It will not fly off – it clings on and keeps working long after the initial application. It eliminates the cause of corrosion by forcing water out of assemblies. BTS B-00019 first foams on and then penetrates like oil to reach deep into moving parts. It then solidifies into a grease to lubricate and protect. As a corrosion inhibitor, it provides long-lasting protection against saltwater immersion and atmospheric moisture.

V.O.C.: Compliant with all U.S. State and Federal Regulations

BENEFITS:

- Penetrates, Protects • O-Ring Safe
 - Reduces Friction, Wear & Extends Life
 - Protects Against Rust & Corrosion
 - Extra Tack Reduces Sling Off
- For Chains, Bars, Cables, Wire Rope

APPLICATIONS

Chains	Bars	Marine Maintenance
Cables	Tools	Railroad Maintenance
Pulleys	Wire Ropes	Industrial Maintenance
Sprockets	Machinery	Automotive Maintenance
Conveyers	Springs	Agricultural Maintenance

SPECIFICATIONS

Can Size: 20 oz.	Carton Pack: 12
Net Weight: 16 oz. (454 g)	Extension tube: Yes
Fluid Contents: 18 oz. (530 mL)	

PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Range: Not Available	Specific Gravity: (H ₂ O=1): N/A
Vapor Density: Heavier Than Air	Evaporation Rate: Slower Than Ether
Solubility in Water: Nil	
Appearance/Odor: Aerosol Product Containing Foamy Black Liquid/Oily	
Flash Point: -156 °F	Method Used: Estimated

HMIS RATINGS

Health	1
Flammability	4
Reactivity	0
Personal Protection
