PRODUCT DATA SHEET

Super Concentrated
Fuel Injector Cleaner
Stock No. B-00525

Carbon & Varnish deposits on fuel injectors can disrupt the fuel spray pattern and air/fuel mixing which will reduce power and waste gas. Small droplets of fuel accumulate at the tip of the fuel injectors when an engine is shut off. This "Heat Soak" is a major reason for deposits forming in this critical area. These deposits also lead to rough idle, hard starts, and lost acceleration. BTS Super Concentrated Fuel Injector Cleaner is formulated to quickly help unclog & clean dirty fuel injectors. One bottle helps to improve engine performance by dissolving harmful carbon, gum and varnish deposits to restore more complete fuel atomization.

- BTS Fuel Injector Cleaner meets the BMW Unlimited Approval Requirements for Removing Intake Valve Deposits. It reduces power-robbing deposits on intake valves for improved performance and efficiency.
- This BTS product is U.S. EPA Registered, safe for catalysts and oxygen sensors, and safe for all gasoline engines.
- For best results use every 3000 miles (4800 KM), or when you notice performance or fuel economy is down.

TREATMENT:

For Best Results Use One Bottle per 16 Gallons
- For Smaller Vehicles or Equipment: One Ounce Treats .75 to 1.75 gallons

BENEFITS:

- Powerful - One Bottle Cleans As You Drive
- Cleans Fuel Injectors Fast and Reduces Intake Valve Deposits
- Dissolves & Removes Carbon, Gum and Varnish
- Restores Power and Improves Fuel Economy
- Helps Reduce CO & HC Emissions

APPLICATIONS

Automobiles	Construction Equipment
Marine Engines	Stationary Engines
Trucks & Recreational Vehicles	Lawn & Garden Equipment

SPECIFICATIONS

Bottle Size: 12 oz. **Carton Pack**: 12
Net Contents: 12 fl oz. (350 mL) **Case Weight**: 10 lbs
Shipping Classification: Consumer Commodity, ORM-D, UN1993

PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Pt: 360°F (182.2°C)-550°F (287.8° C) **Specific Gravity**: 0.827-0.847
Vapor Density: -4-5 **Evaporation Rate**: No Data
Solubility in Water: No Data
Flash Point: >140°F (60°C) **Method Used:** Pensky-Marten Closed Cup
Appearance/Odor: Clear Red Liquid / Mild Petroleum

HMIS RATINGS

Health: 2	Physical Hazard: 2
Flammability: 2	PPE: G
